A VISION FOR CHRISTIAN SECONDARY EDUCATION

WHY VMS SECONDARY?

A Growing Need

Over the years, VMS parents have expressed a strong desire for the school to offer secondary education. Similarly, as students graduate from Little Candles School (a school in Phrao), many parents seek quality secondary school opportunities in Chiang Mai City.

85.5%

Most parents surveyed in 2023 indicated they would enrol their children if continuous secondary education were available until Grade 12.

96.3%

In 2025, an impressive majority of graduating Primary 6 families expressed the exact same interest regarding future enrollment.

VMSS strengthens school stability, reducing student attrition and providing crucial continuity for families seeking dedicated Christian education.
